

Senior HVAC Service & Installation Technician

Job Description

We are looking for an experienced HVAC Service & Installation Technician to join our team. This position will handle a variety of residential HVAC service, repair, maintenance, and installation work. The ideal candidate has extensive hands-on experience, can work independently, and takes pride in providing quality workmanship and excellent customer service. Knowledgeable with multiple equipment manufacturers with an emphasis on the Daikin, Amana and Goodman brands.

Responsibilities Include:

- Diagnose, service, repair, and maintain residential HVAC systems from multiple manufacturers
- Install heating and cooling equipment
- Troubleshoot electrical and mechanical issues
- Perform system start-ups, testing, and inspections
- Communicate professionally with customers
- Maintain a clean and organized work environment
- Follow company safety procedures and installation standards
- Knowledgeable in servicing and installing equipment from multiple manufacturers
- Light sheet metal fabrication
- Fireplace maintenance and repair experience is a valuable asset, but we're willing to train the right candidate.

Requirements:

- 10+ years of HVAC service, installation, and replacement experience
- Strong knowledge of residential heating and cooling systems
- Ability to troubleshoot and diagnose HVAC issues independently

- Valid driver's license and clean driving record
- Ability to lift equipment and work in a variety of conditions
- Strong communication and customer service skills
- Ability to work independently and as part of a team
- EPA certification preferred

About Ideal Comfort Solutions

Ideal Comfort Solutions is a local, family-owned HVAC business dedicated to providing quality workmanship, honest service, and dependable comfort for our customers. We take pride in treating every customer like family, doing the job right, and building lasting relationships within the communities we serve. If you think you'd be a good fit, we would love to hear from you!
