Responsibilities Include:

- Assist with residential HVAC installations
- Help with equipment removal and installation
- Learn proper installation techniques and HVAC procedures
- Load, unload, and organize tools and equipment
- Assist technicians with job-site preparation and cleanup
- Follow safety procedures and company standards
- Maintain a clean and organized work area
- Work as part of a team to complete installations efficiently
- HVAC degree a plus

Requirements:

- No previous HVAC experience required
- Basic knowledge of hand tools, power tools, and mechanics preferred
- Willingness to learn and take direction
- Reliable and dependable
- Strong work ethic and positive attitude
- Ability to work well with a team

- Valid driver's license and reliable transportation
- Ability to lift equipment and work in attics, basements, crawl spaces, and other job-site conditions
- HVAC experience or technical training is a plus

This position is perfect for someone who:

- Is looking to learn a skilled trade
- Who enjoys working with their hands
- Who enjoys building, fixing, and figuring things out
- Is a recent high school graduate looking to start a career
- Is looking for a career with opportunities to grow
- Is a dependable, hardworking person who is willing to learn
